Guidance Notes for Completion of Form

The following information is outlined under the headings of the various sections of the form.

Statement of Professional Training and Experience – Please indicate full details of all your relevant professional experience in relation to the management of public rights of way / access. Please provide as much information as possible as the Directors or appointed Group of the Institute will base much of its decision on your submission. You should give, in the space provided, the dates during which specific experience/training was obtained, together with details of the actual tasks and responsibilities undertaken. If any of your experience or training was obtained under the supervision of, or in association with, a person who is a full member, a principal or a fellow of IPROW, please give full details including the member's name and membership number (if known).

Statement of Other Relevant Training and Experience – Please provide details of any relevant experience you have obtained in a non-professional capacity. This may include voluntary unpaid work, experience gained as a member of a user-group, club, society or organisation, work as a part-time warden or ranger etc. Please give dates between which relevant experience was gained.

Previous Employment – Please include brief details of previous employment even if the job was not directly connected with the management of public rights of way / access.

Education and Academic Qualifications – You need only give details of those qualifications you consider appropriate to your application. You may be required to provide proof of relevant qualifications (photocopies will suffice).

Membership Application Procedure
